

## **Sandy Police Department**

IS PROUD TO HOST THE

### **SIMUNITION® SCENARIO INSTRUCTOR AND SAFETY COURSE**

at

**Utah POST Academy**

**410 West 9800 South**

**Sandy, UT 84070**

**February 8-10, 2022**

Does your organization have anyone factory certified? In today's world of liability, problems are everywhere. You have to validate all aspects of your training coverage. Because of recent court cases, agencies are required to train their personnel as close to reality as possible. Nothing comes as close as training against a real person that has the ability to replicate an actual lethal force encounter, just like we may encounter any day on the street.

The class is designed to provide training to instructors who will run training in your perspective department. The class covers all aspects of reality-based training and provides product information, program development, scenario design and implementation, instructor development and procedures to run training safely. Officers/Agents/Operators are injured enough on the street; they should not be injured in training.

Officers/Agents/Operators can obtain additional information and register for the class on the web: [www.simunition.com](http://www.simunition.com). Class size is limited so early registration is recommended. Officers/Agents/Operators will receive a confirmation letter along with an equipment list. **Class start at 8 a.m. local time.**

Course tuition:	Law Enforcement	\$620.00 each
	Military	\$495.00 each
	Re-certification	\$320.00 each

## ***Equipment Requirements***

In the SIMUNITION® *Scenario Instructor and Safety Certification Course*, the goal is to train as close as possible to reality. Students should bring to the course all of the duty operational equipment which he or she would normally wear; this should include a **duty-belt or other personal tactical equipment including tactical lights**, and appropriate footwear. Live OC, Taser and impact weapons are not needed. The first day will be spent in the classroom in casual, comfortable attire. The final two days will be spent conducting Scenario-based training. It is during this time that the students will need his or her personal operational clothing and equipment.

**SERVICE AMMUNITION IS NEITHER NECESSARY NOR PERMITTED AT ANY TRAINING SITE AT ANY TIME DURING THE COURSE!**

Students should also bring athletic and seasonal outdoor clothing, wrap around **ANSI-approved eye protection, long sleeve or oversized shirt, coveralls, personal body armor, protective gloves, notebook and pen.**

SIMUNITION® will provide pistol conversion kits as well as their associated equipment. SIMUNITION® will also provide basic protective equipment, all training ammunition as well as training aids such as training impact weapons and training gas.

If you choose to bring your own converted weapon(s) please see the outline below and your Instructor before the start of the course.

### **Utilization of Student Weapon Systems during FX® SIMUNITION® Scenario Instructor and Safety Certification Course**

- 1) The student will be the only person to utilize his/her own converted weapon while training during scenarios. If they give consent for someone else to use their weapon, they do so at their own risk of damage to weapon.
- 2) The student will give his/her converted weapon to the Simunition® Instructors prior to the start of the training day or scenarios.
- 3) The Simunition® Instructors will maintain control of the converted weapons until the training day or scenarios have ended.
- 4) The Simunition® Instructor staff will act as TSO in preparing the weapon for the training day or scenarios.
- 5) The Simunition® Instructor staff will explain to the student that if anything may happen to the converted weapon, Simunition® is not responsible for replacing the weapon or the conversion kit.
